Welcome to the Land Trust of North Alabama's GeoTour.

We have placed geocaches on all of our Nature Preserves. Our hope is to acquaint you with the "who and where" of the Land Trust and what we've been up to since 1977. In each of these geocaches you will find a self-inking stamp to stamp on your passport. Once you have collected at least 5 stamps, bring to our office to receive our oval pathtag as a gift.
